

ENVIRONMENTAL POLICY STATEMENT

Form Number: EF01
ISO Clause Ref.: 4.2
Issue Number: 01
Date: 22/02/2014
Approved by: J McKimm

Our Aim:

It is the aim of Hygiene Systems Group, to eliminate pollution with consequential damage to the environment and to minimise wastage of non-renewable resources.

It is realised that this is a long journey of achievement but accept that our responsibility is to continually improve on our current performance.

Hygiene Systems Group suppliers, staff and customers are encouraged to join us on this never-ending journey of improvement.

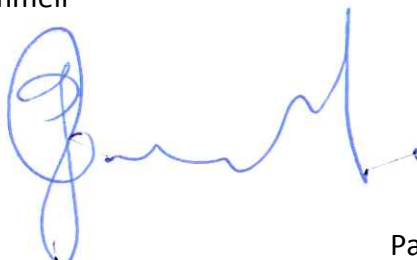

Our Commitment:

- To develop, implement, measure and review objectives and targets to ensure continual improvement of our environmental performance, including the prevention of pollution.
- To ensure we comply with all relevant legislation and Codes of Practice
- To review the products we sell and where appropriate warning users of their environmental impact and correct means of disposal
- To regularly review our activities and develop processes to minimise pollution of the environment – including air, earth and water
- To replace non-renewable resources with renewable ones
- To replace hazardous materials with non-hazardous alternatives
- To monitor and where possible reduce consumable resources including power, fuel and raw materials
- To continually review waste materials and re-cycling opportunities
- To train all staff in the procedures necessary to avoid damage to the environment and to expect them to take personal responsibility for their actions in minimising pollution and wastage

Through the above commitment, we will contribute to a healthy and safer environment for ourselves, our staff, our neighbours and the community at large.
